

HERIOT-WATT UNIVERSITY

B38EM – Introduction to Electricity and Magnetism

Download and Installation of CST student edition

Step 1

Download CST suite from <https://academy.3ds.com/en/software/cst-studio-suite-student-edition> by creating an account.

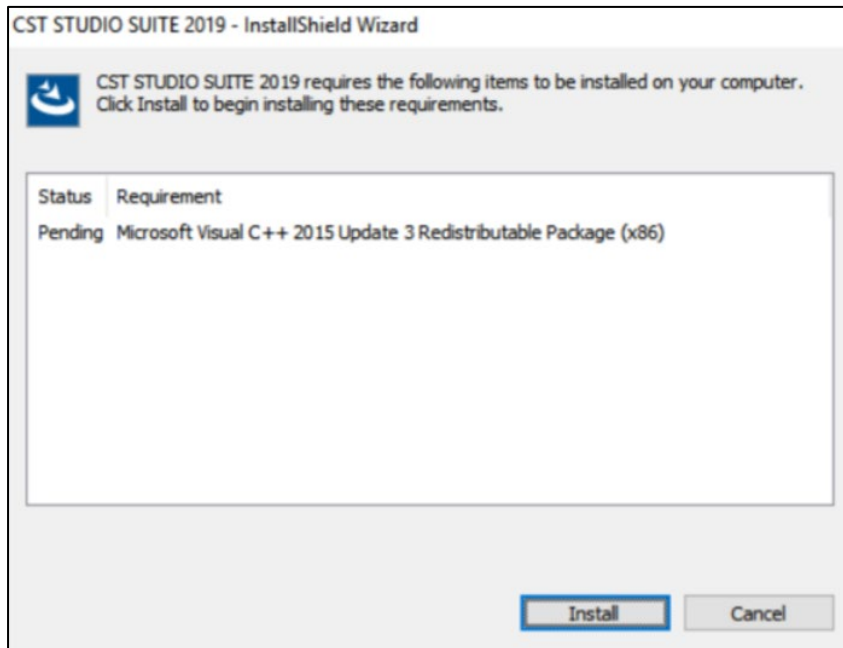

Make sure to register with your HWU school email, then proceed to download.

Step 2

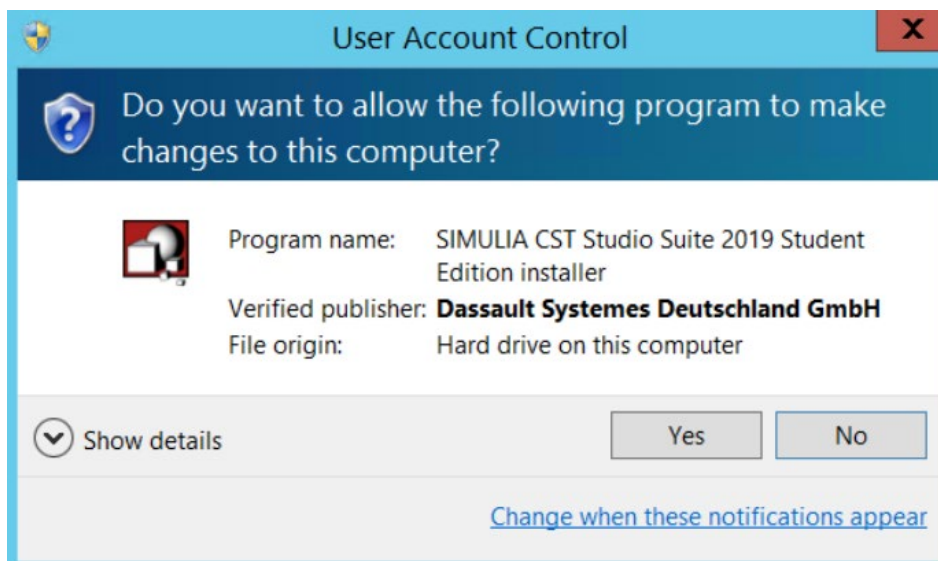

If you have downloaded an installation package and it does not start automatically, you can run the installer by double-clicking Setup.exe in the root folder of the installation package. You will see the following screen:

In order to install the software, simply press the Install CST STUDIO SUITE 2019 button in the lower left corner of the window. Depending on the current system configuration, the next step will be to install some modules required by the CST STUDIO SUITE software:

If some or all these requirements were previously installed, then either some modules or even the entire dialog box may be skipped. Please press the Install button here to proceed to the actual software installation, which will then show the following screen:

The InstallShield Wizard will be prepared to guide you through the installation. Select "yes".

CST Studio Suite 2019 Student Edition - InstallShield...

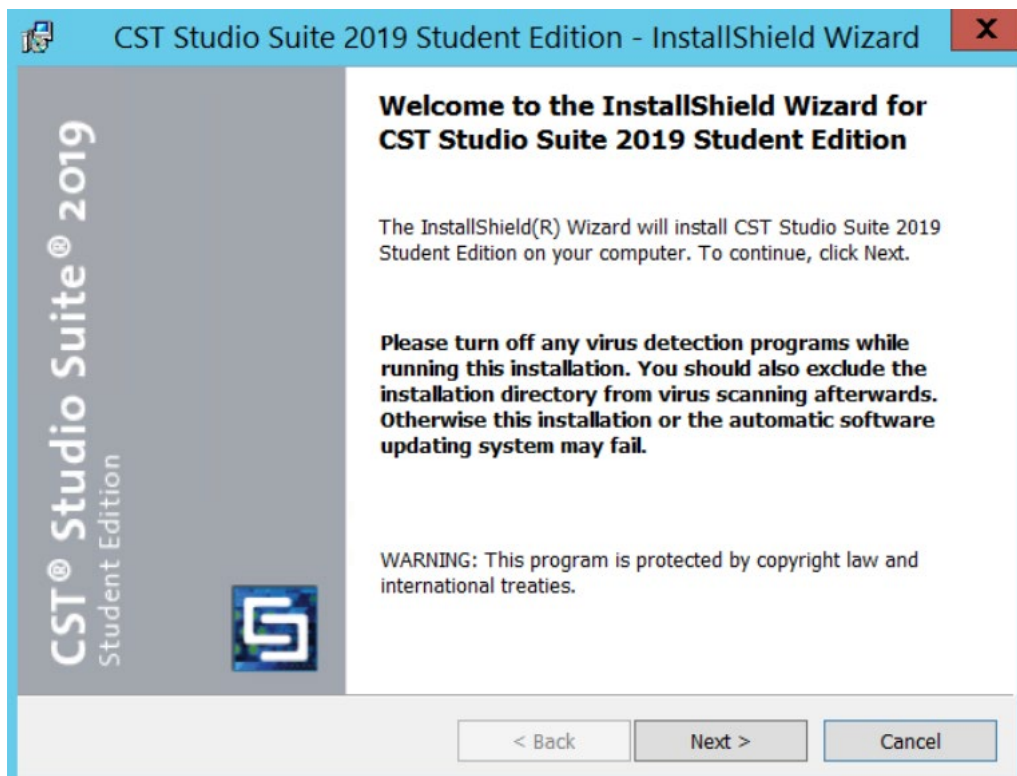

CST Studio Suite 2019 Student Edition Setup is preparing the InstallShield Wizard, which will guide you through the program setup process. Please wait.

Add your User Name, Organization and click on “Next”

The screenshot shows the 'Destination Folder' step of the CST Studio Suite 2019 Student Edition installation wizard. The window title is 'CST Studio Suite 2019 Student Edition - InstallShield Wizard'. The header bar is blue with a white 'S' logo on the right. Below the header, the title 'Destination Folder' is in bold, followed by the instruction 'Click Next to install to this folder, or click Change to install to a different folder.' The main area shows a folder icon and the text 'Install CST Studio Suite 2019 Student Edition to: C:\Program Files (x86)\CST STUDIO SUITE 2019\'. To the right of this text is a 'Change...' button. At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'. The 'Next >' button is highlighted. The 'InstallShield' logo is visible in the bottom left corner.

Destination Folder

Click Next to install to this folder, or click Change to install to a different folder.

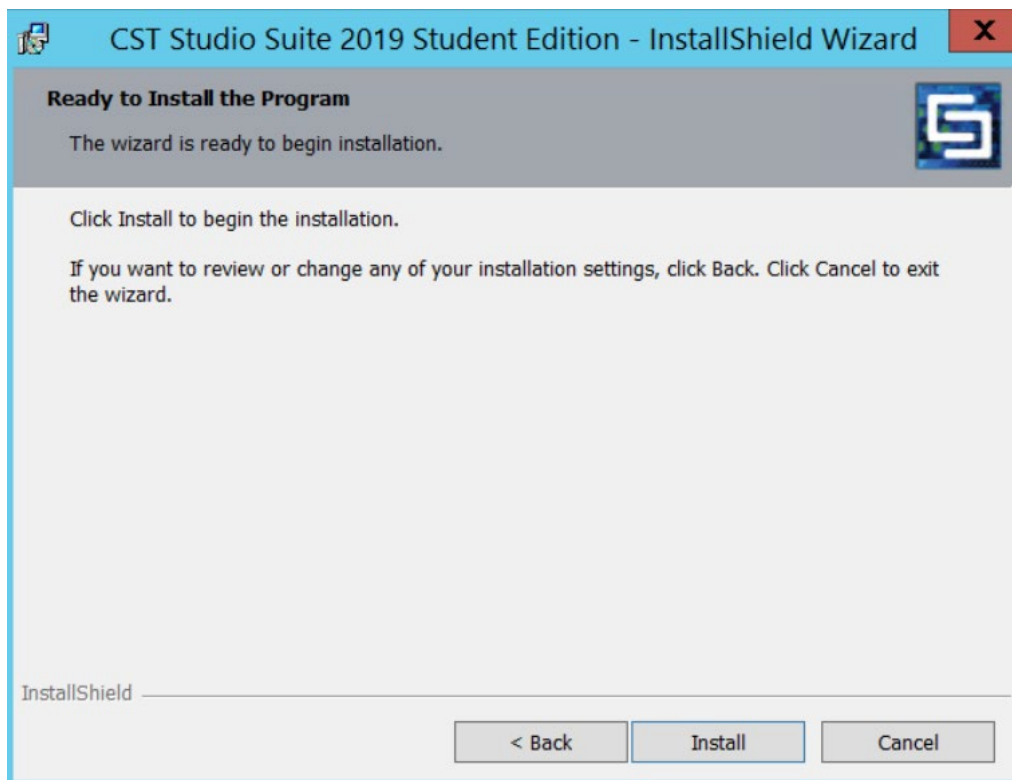

Install CST Studio Suite 2019 Student Edition to:
C:\Program Files (x86)\CST STUDIO SUITE 2019\

Change...

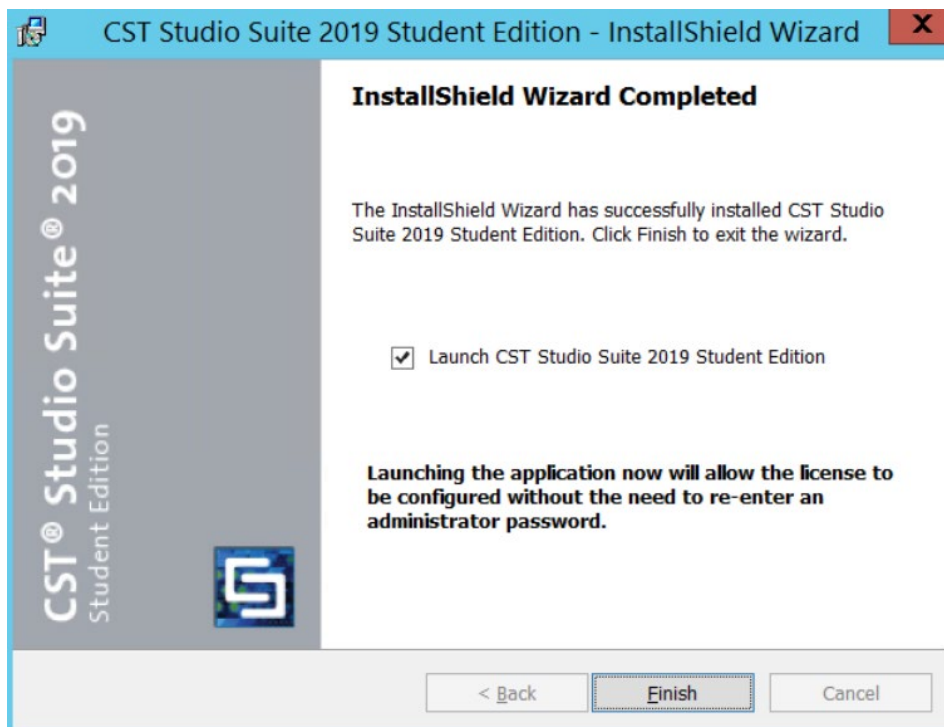

InstallShield

< Back Next > Cancel

Choose an installation folder or accept the default. Click on “Next”.

Click on “Install”, to start the installation process.

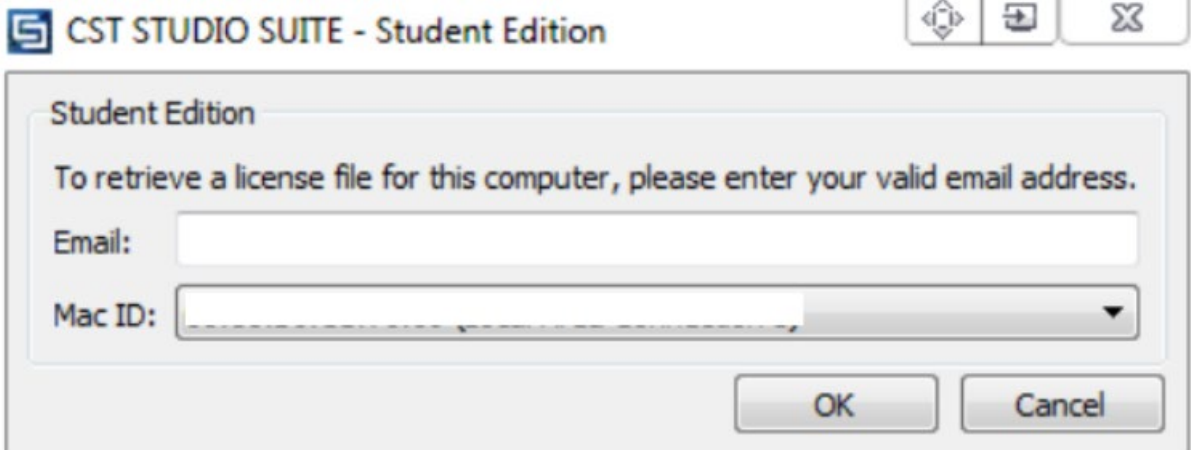

Click “Finish” when the installation has completed.

Step 3

When you launch the CST Studio Suite Student Edition for the first time, be sure to have an

active internet connection. The following window will pop up:

The image shows a Windows-style dialog box titled "CST STUDIO SUITE - Student Edition". Inside the dialog, there is a section titled "Student Edition" with the instruction: "To retrieve a license file for this computer, please enter your valid email address." Below this instruction, there are two input fields: "Email:" followed by a text box, and "Mac ID:" followed by a dropdown menu. At the bottom right of the dialog, there are two buttons: "OK" and "Cancel".

Please enter any email address. The Mac ID will automatically be selected and will be used in the automatic license retrieval process. Click "OK".
You are now ready to start using the software.
