

Heriot Watt Keyserver

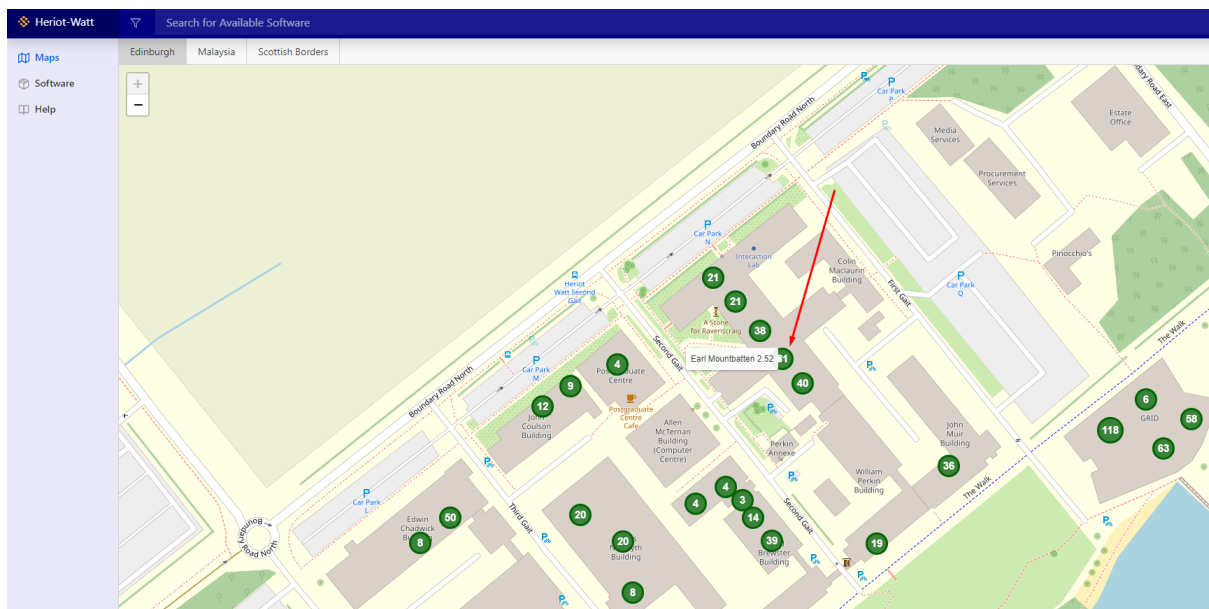

Step 1. Go to: <https://keyserver.hw.ac.uk/login>

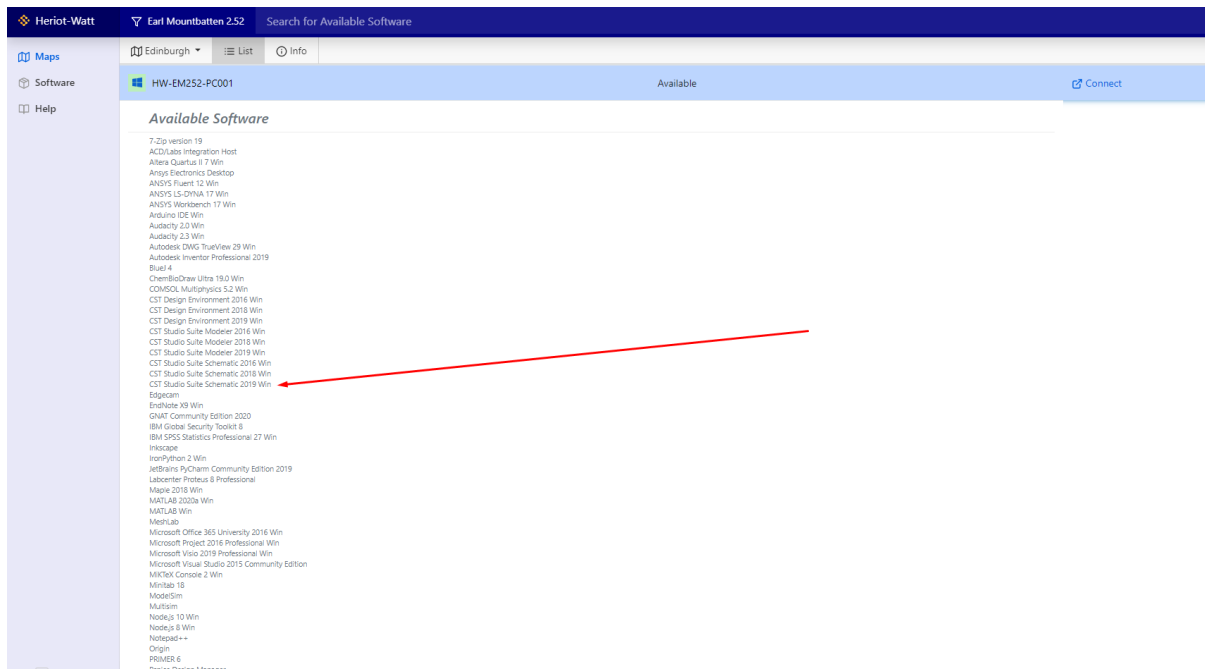

Step 2. Login using HWU details

- You should end up on this page after logging in

Step 3. Find a computer in EM. 252 which has “CST Studio Suite Schemtaic 2019”

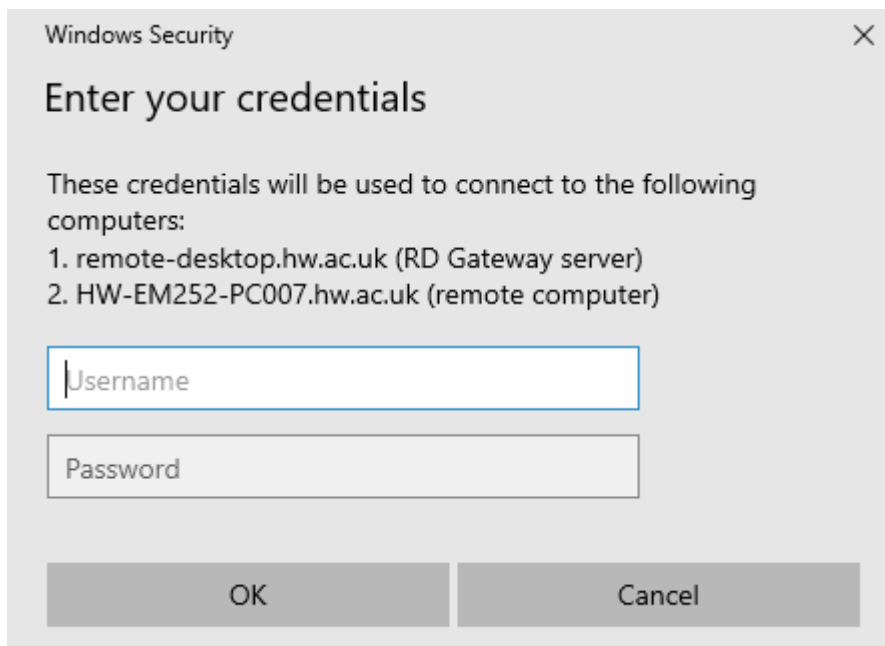

Step 4. Click Connect

A box will appear. Click the “Download” button and launch the downloaded “.rdp” file

This should lead to a the remote connection being established

Note: if promoted with the following box:

Login using HWU credentials. You may need to use full e-mail address for username

Step 5. After the remote connection is established use the computer as normal

- Launch CST as normal

Note: To launch CST you may be unable to search for it.

Simply click “start” then scroll down to “C” and find the folder “CST Studio Suite 2019” open the drop-down folder and launch “CST Studio Suite 2019” (dark blue icon).
